

STUDENT-ATHLETE ACADEMIC POLICY

Students are held to a higher standard at MASE! We must stay within good academic standings in order to compete in athletic programs. Below are the academic guidelines for MASE athletics:

- ✓ Students must pass 5 classes (including English) in the previous year to participate in athletics the following year.
- ✓ Students must maintain a current G.P.A. of 2.0 in all classes (every 9 weeks) to participate.
- ✓ If students have 2 or more D's at anytime during their academic standing the students must start intervention with those particular classes.
- ✓ If students have 3 or more D's or 1 F on their report card:
 - ✓ Scholars will be placed on a two week probation period.
 - ✓ After the two week probation period a progress report will be issued to the student. The grade in the failing classes must improve in order for the student to be eligible for continued participation.
 - ✓ All classes must be maintained at an acceptable level while on probation.
- ✓ If a student receives 2 or more F's on their report card, they are ineligible to participate in competition until the next report card comes out.
 - ✓ Student must take part in Mandatory tutoring.
